CALIBRATION TECHNICIAN

.... Can Calibrate and repair anything electrical, physical, having weight and mass and a place to put a sticker. This can be accomplished without any manuals, blindfolded in a dark room

.... Able to perform quality work amidst bullshit in excess of neck level. Also has the ability to produce bullshit in excess of head level. (This is only done in extreme conditions when necessary to snuff out all controversy.)

.... Experience in tweaking, hot stamping, fast licking and meeting deadlines while simultaneously entertaining customers with encore quality dog and pony or song and dance routines.

.... Will work any place or length of time required to complete the assignment (as long as there is a bar open). This excludes driving men, beasts and vehicles to the breakdown/ boil over point. Beyond this requires hazardous duty pay.

.... Guaranteed to make megabucks for your company and give all technicians and rental cars the thrill of their loves. I also provide a thrill to the ladies of the company at no extra charge.
