

Proclamation

Land of the Williwaw

To all Seabees and Seamen wherever ye may be and all Iceworms, Whales, Norwhals, Seals, and other creatures of the frigid Aleutians:

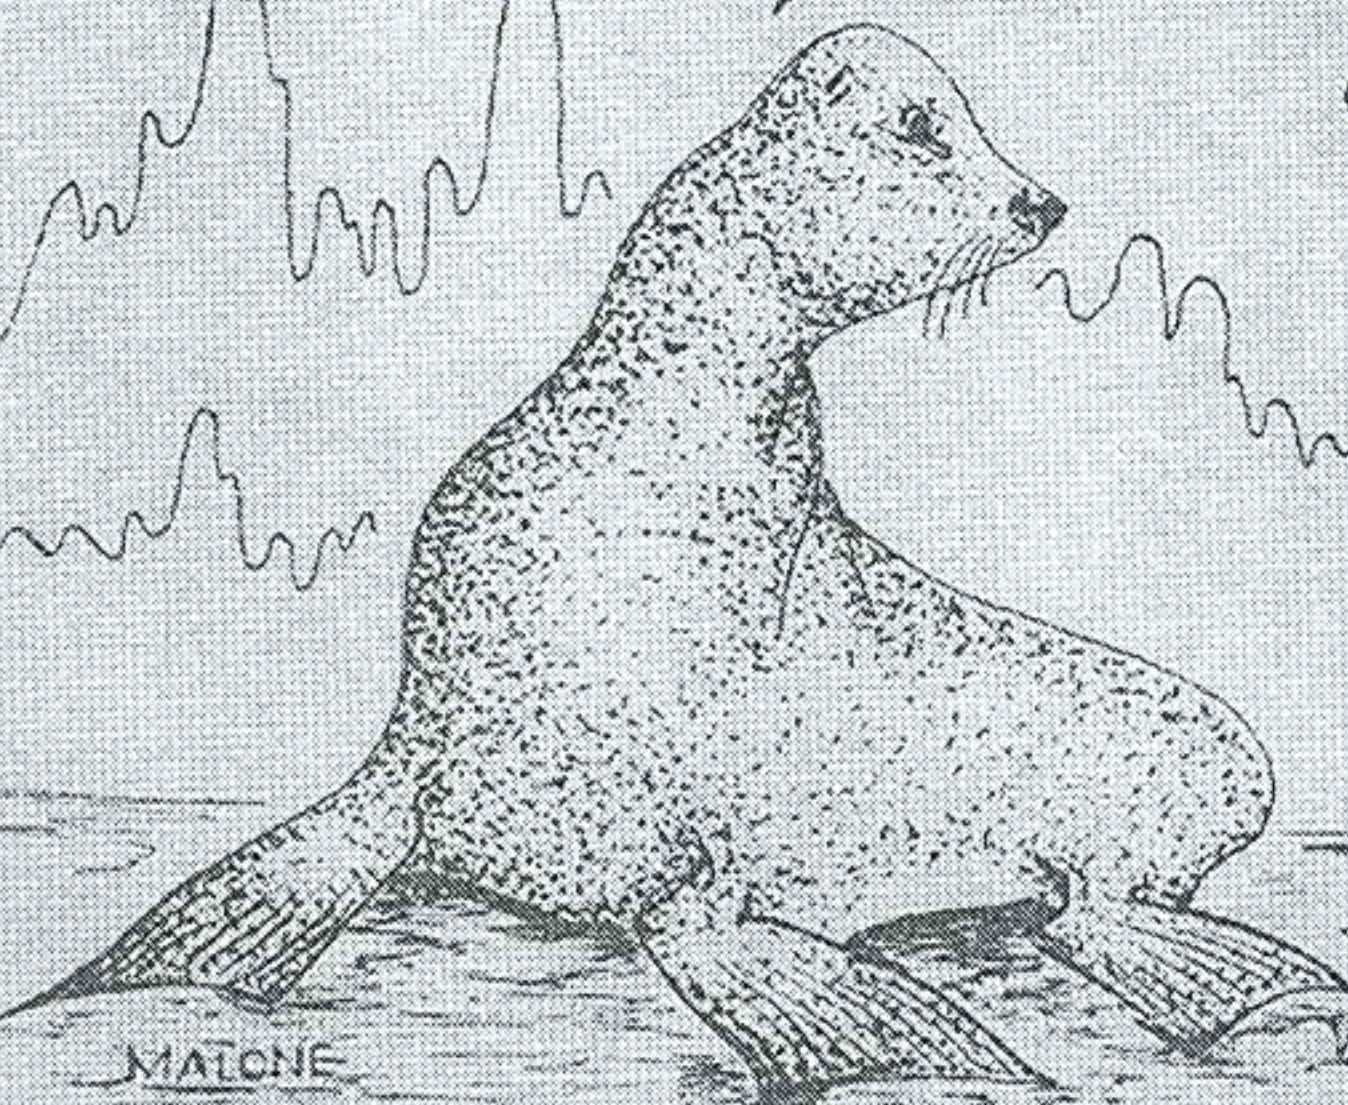

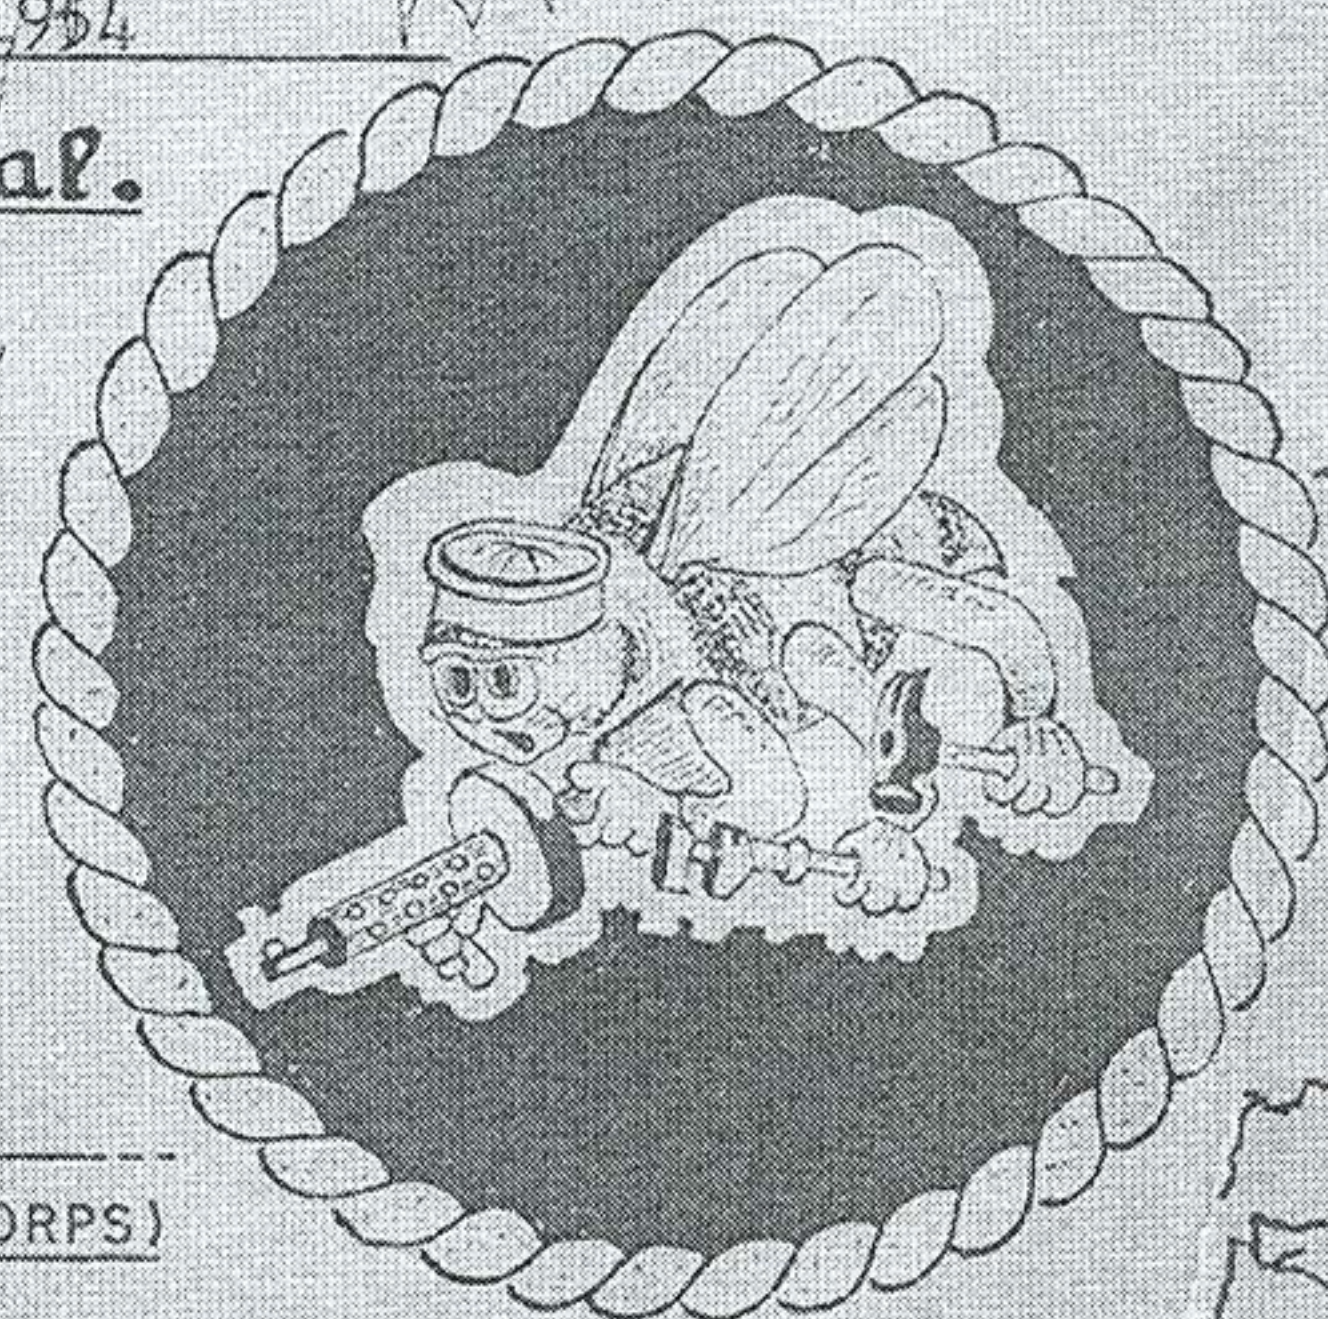

Greetings: Know ye that John A. AUSTIN, YN2, USN
did serve with the Seabees in the land of Williwaw, the Wind Devil,
on Adak, Alaska, the toughest Rock of them all. He arrived in
this dread region on 7 November 1953 and
departed bent, but unbroken on 7 December 1954.

Given under our hand and seal.

Neptunus of Per
